## TOP LEVEL COACHING CLINIC

The Men's group in Jock Beattie and Gumbo are planning a special coaching clinic leading into the coming pennant season.

It is hoped to have John Goddard, Garry Caffell and maybe even Steve O'Neil to conduct the 'show and tell' scheduled for Saturday 17 September. All of these men are ex State Team players and current top level bowlers.

The format is hoped to be hands on bowling instructions on our greens followed by in house lectures and films on the big screen. The clinic is targeting budding Skippers and team players or those wanting to improve a few techniques or advance to the next level. Reading the head and conveying instructions will certainly be included. It is even hoped for a social barbeque after.

This is a function not to be missed and should appeal to all Halls Head Bowlers. Keep the date free.
