THE BIAS

Hello everyone, my name is Mel and I joined the Office team in November 2022.

I live locally in Osprey Waters and as some of you will know, I am the lady on the blue bike – beware I am deadly !

I live with my partner Mark and our old Jack Russell called Pip. She is extremely spoilt and most definitely rules the roost.

We moved to Australia from the UK in September last year to begin a new life chapter. As Mark is Australian by birth, I am extremely lucky to have my Permanent Residency and be able to share this amazing country with him.

I have two grown children who are both flourishing in their careers, Tom who works on the Super Yachts, travelling the world and Ellie who is about to start her 3rd year at University in Paris studying Politics with French.

In my previous life, I had a 30-year career in the Royal Air Force, where I specialized in all aspects of survival training for all members of the UK and worldwide Armed Services.

I have volunteered for numerous charities throughout my whole career and following my discharge from the RAF, I then took a permanent role in a Military charity (Surf Action). This specialises in PTSD resolution, psychological health and wellbeing and family re-connection. We encourage clients to embrace outdoor physical activity and facilitate Coaching and Mentoring and psychological therapy, where needed. I am still volunteering to Surf Action, even though I am thousands of miles away – the wonder of technology !

am very pleased to have joined your club and I look forward to busy profitable Pennant season.
